In re Application of:
Brian K. Dewey et al
Appl. No.: 10/021,392
Filed: December 12, 2001
For: METHOD AND SYSTEM FOR PROVIDING ACCESS TO
CONSISTENT POINT-IN-TIME VERSIONS

DECISION ON PETITION
UNDER 37 CFR 1.59

This is a decision on the renewed petition under 37 CFR 1.59(b), filed on 23 February 2009, to expunge information submitted on 24 October 2006, 14 November 2007 and 13 December 2007.

The petition is **GRANTED**.

Petitioner requests that the information submitted on 14 November 2007 and 13 December 2007 and the two references entitled "Kerberos Protocol Extensions Specification" and "Microsoft FSCTL Structure Specification" submitted on 24 October 2006 be expunged from the record. Petitioner states that the information should be expunged from the record if found not to be important to a reasonable examiner in deciding whether to allow the application to issue as a patent. The petition fee set forth in 37 CFR § 1.17(g) has been paid.

Applicant is required to retain the expunged documents for the life of any patent, which issues on the above-identified application.

The expunged documents are herewith returned. However, the references entitled "Kerberos Protocol Extensions Specification" and "Microsoft FSCTL Structure Specification" have been closed from public view on the date of this decision and will not be returned.

Any inquiry concerning this decision should be directed to the undersigned whose telephone number is (571) 272-3613.
